Principal's Message

Hello Ridge View families! I hope you all enjoyed a fun and relaxing spring break. It is nice to see everyone back at school today! Believe it or not, we are embarking on our last two months of school...a time here at Ridge View that we haven't yet experienced in person. While we are still facing some "Covid challenges", we intend to make these final weeks as memorable as possible for our students. There is still a lot of important work to be accomplished, including end of year RISE testing for our students in 3rd-6th grade. I will be sending out additional information regarding this assessment soon. In the meantime, I encourage us all to stay the course and keep up the hard work! We have such amazing students here at Ridge View and I am so proud of them. Thank you for your support from home. I look forward to a great month ahead.

-Ms. Doleac

School Land Trust Plan

The Utah State Legislature requires every public school in the state to establish a School Community Council at the school-site level. Each School Community Council consists of the principal, school employees, and parents or guardians of students attending the school. The School Community Council determines their school's greatest academic need and prepares a plan to address that need with the school's portion of the money distributed from the School LAND Trust program. A copy of our school's current Land Trust Plan can be found on our website. Recently, our School Community Council approved the 2021-22 plan, which will be added to the website soon. We'd like to thank our SCC members for their service this year.

PTA News

A big thank you to all of the students who participated in Reflections this year! We had an outstanding level of participation and were so impressed with the talent in our school.

Planning for our upcoming fundraiser is in the works. Please watch for additional information to come.

Student Council Events

Before leaving for spring break, Student Council held a "Kindness Week"! Every day, students wrote down something kind that they have done for someone else or that someone else has done for them. These notes were then hung on classroom doors for everyone to read. In addition, students participated in the following kindness challenge each day of the week!

Monday: Say hi to someone you don't normally say hi to.

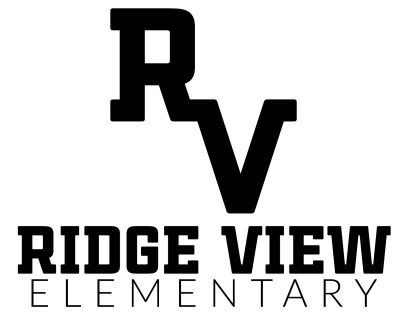

Tuesday: Compliment someone

Wednesday: Wave at someone

Thursday: Smile Day--Smiley face masks were passed out to the whole school to put their smile on for the day!

Student Council continues to host its weekly "Spirit Days" every Thursday. Students are invited to show their spirit by wearing their school t-shirts or school colors. The winning class gets to host the Ridge View Raptor for the week! **GO RAPTORS!**

GRADE LEVEL HIGHLIGHT:

KINDERGARTEN

Kindergarten has been so much fun this year! Even through all of the craziness, it has been good to have students in classrooms for their first school experience. We have been working hard to become experts at reading and writing CVC words this year. Over the next few weeks, we will focus on using those skills to write informational texts! Our kindergarteners have also been hard at work learning to add and subtract numbers. We are so excited to begin learning about different animals and their life cycles as we head into Spring. We are also looking forward to our KEEP Testing at the end of May. We'll have the week off from school so that we can meet with each of our students one on one to see what we have learned this year! As we head into the last couple months of school, we are looking forward to all of the progress we'll see and the fun that we can have as the weather warms back up!
