Principal's Message

It doesn't seem possible that we are embarking upon our final month of school! While this past year continued to have its share of challenges, it's great to say that things feel more normal than they have in a long time. I am so proud of the way our students and staff have navigated the unique circumstances these last couple of years brought us.

As we look ahead to the final weeks of school, please watch for information regarding various classroom and school activities that are coming up. Kindergarten testing will be held May 20th-27th, with their last day of school being June 2nd. The final day of school for students in grades 1st-6th will be June 3rd.

As always, thank you for your involvement in the education of your child. I am grateful for your support and appreciate the partnership we share. I wish all of our Ridge View families a fun and safe summer!

-Ms. Doleac

RIDGE VIEW ELEMENTARY

GRADE LEVEL HIGHLIGHT:

KINDERGARTEN

Our kindergarteners have worked extremely hard this year! It is crazy to think that they will be going off to 1st grade in just a few short weeks.

We are going to be studying dolphins and sharks this month. We will also be having a week of review, "Pirate Style" in preparation for our KEEP testing towards the end of the month. We've learned so many things this year and we are excited to take the time to step back and practice those. One of the concepts we have worked on all year is reading and writing words. Our students can read and write words with short vowels, digraphs, and blends! They have also worked so hard on solving addition and subtraction problems.

Over the past few weeks we have been diving into informational writing. Our students have enjoyed learning about different animals and having the chance to write those facts into their stories.

Our students are working hard to get ready for Ridge View's first Kindergarten End of Year Celebration Performance. We are working on six songs and Mrs. Helton is helping us learn to play some different instruments. Our team couldn't be prouder of all that our students have accomplished this year.
