

Jan 26 SCC Meeting Minutes

- Safe Walking Routes
 - Everything is submitted and it should be posted on the website with all of the details.
 - The school continues to work with Herriman City. Herriman will make recommendations and the school needs to follow them.
 - It will be an ongoing discussion because of the growth that continues to happen in our school boundaries.
- Land Trust Plan
 - Due in March- we need to write it now so it can be approved in time
 - Goal this year: increase proficiency in Acadience by 10%
 - Review data from mid-year. It shows that most grade levels have dropped, but the % of students showing growth is higher. Also, it doesn't account for those students who have been absent due to Covid, which has been significant.
 - Walk to read has been working as well. They have seen many children improve reading skills through the two cycles of walk to ready this year.
 - What does the Land Trust Cover?
 - Most for Mrs. Helton the music teacher
 - It also pays for aides for the grade levels and walk to read
 - Using it for personnel seems to be the best way to use this money
 - Other ideas from the committee:
 - Theater program
 - Drawing or art
 - 'Great Artist' or 'Meet the Masters'
 - The master schedule for next year will need to be updated due to the amount of students at the school so it may be feasible to work in a fine arts 'specials' rotation.
 - Are we ok to still allocate money to cover aids for next year?
 - Yes! We support what the school needs! Especially with the number of students we have and will have in the future we support hiring more aids as necessary.
 - There will be a draft of the plan at the next meeting for us to edit and approve.
- The school needs a more accurate count for incoming kindergarten students so spread the word.
 - Ridgeview is regularly on the board agenda and they are trying to come up with solutions to help with the growth.
- Does the school need more volunteers?
 - Yes and if anyone would like to sub just at ridgeview they have a need for that as well.
- Next Meeting: March 2 at 5:30 in the conference room
